Dear Parent/ Carer

As you are aware we are proud to support our local community at Etone College. Through our engagement in community projects, such as our recent visits to the Nuneaton Library and our fund raising initiatives.

Across the year pupils raise awareness and money for various charities, four of which are our Etone House Charities. Selected by our Head of House and pupils, these are local organisations to look to have an impact in Nuneaton and the surrounding area:

Centaur - George Elliot Diabetes Support Group

Dragon - Guy's Gift

Griffin - Doorway

Phoenix - Mary Ann Evans Hospice

On Friday 28th June, our staff will be taking part in Etone's Big Olympic Challenge to row the distance between Dover to Calais and cross the Channel. Each staff member taking part will be working in rotation with others in their affiliated House to be the first across our virtual finish line.

Set to raise funds for our charities and celebrate the run up to the Paris 2024 Olympics in France. The challenge encompasses a distance of 39 kilometres and will be taking place across the day in our Main Hall.

In order to support us, we would welcome any and all donations to our Just Giving page. All donations will be split equally between our House Charities to support the initiatives mentioned above. If you would prefer to give cash donations, these will be collected in sealed buckets on the day of the event.
