

23rd September 2024

Dear Parent/Carer

The Department for Education and PHS provides schools with funding to provide free of charge sanitary products to students. This is called our Red Box scheme.

Free products including Tampax and towels are available from House Offices, the Safeguarding Office and Reception if students need them whilst in school. We strongly encourage students to use this service.

We also provide products in bulk for students to take home to use over the school year. Students can either ask House Office for these or if parents prefer they can email ibarlow@etonecollege.co.uk and a discrete bag will be given to your child to bring home.

We also have limited pairs of Modibody period pants which retail for £15 in shops. These are the newest type of period product. They are excellent, reusable and washable and eliminate the need for towels or Tampax. We can provide students with 2 pairs, but this is until our stocks last.

Should you have any queries, please contact your House office in school via email or phone.

Yours faithfully

Mr I Smith
Head teacher
