Dear Parent/Carer

Parent Support Workshop: Using technology to support communication at Etone

Following our continued successful programme of parental support workshops, we are excited to be hosting our next session. The goal of these workshops is to look at different elements of school life and consider how your child can be supported both in school and at home to maximise their potential.

All materials from these sessions will then be uploaded to our website.

We would therefore like to invite you to the next event:

Parent/Carer Support Workshop: Using technology to support communication at Etone

Location: Online

Date: Wednesday 26th February

Time: 6:00pm - 6:50pm

As part of our 'Life at Etone' series of sessions, this instalment will be a supportive session that looks to provide parents with information about how to use our communication systems, the approach in place to support pupils and where to find key information about the school.

As part of the session there will be an opportunity to ask any questions or arrange troubleshooting sessions with a member of staff looking at; The Matrix Academy App (WeDuc), our website and other applications used by our school.

This event will be virtual and a link to join will be sent following confirmation of attendance. If you would like to attend this event, please complete the MS Form by clicking or scanning the QR code.

If you have any questions, please contact the school. We look forward to welcoming you to the event online.

Yours faithfully

Mr I Smith
Headteacher
